Ciljevi

- Usaglašen, kvalitetan i održiv ekosistem za naučnu komunikaciju koji će omogućiti da otvoreni pristup postane standardna praksa u naučnom izdavaštvu u okviru Evropskog istraživačkog prostora.

- Izgradnja zajednice, servisa i netehničke infrastrukture za nosioce institucionalnog izdavaštva

- Standardi, smernice i dobra praksa biće ugrađeni u standard za izdavaštvo u dijamantskom otvorenom pristupu.

- Velike razlike između izdavača i pružalaca usluga u pogledu misije, veličine i usluga

- Različiti izvori finansiranja

- Podrška matičnih institucija i javnim državnih ili regionalnih finansijera

- Postoji potreba za stabilnijim i dugoročnijim finansiranjem i jednostavnijim administrativnim procedurama za njegovo dobijanje.

- Za obezbeđivanje održivosti važniji su judi od finansijskih izvora.

- Finansiranje zajedničkih infrastruktura važno je za održivost mali i srednjih izdavača i pružalaca usluga koji te infrastructure koriste.

- Izdavači i pružaoci usluga imaju jasnu predstavu o izazovima i potrebna im je veća podrška javnih finansijera i naučnoistraživačkih organizacija. Model u kom autori plaćaju toškove objavljivanja ne smatraju rešenjem.

Kriterijumi kvaliteta u sedam komponenti:

1. Finansiranje
2. Pravni vlasnički status, misija i organizacija i upravljanje
3. Otvorena nauke
4. Urednički rad, kvalitet uređivanja i naulni integritet
5. Tegnička efikasnost
6. Vidljivost, komunikacija, marketing i uticaj
7. Jednakost, diverzitet, inkluzija i pripadnost; multilingvalizam i rodna ravnopravnost

DOAS

The Diamond OA Standard (DOAS) is a key output of the DIAMAS project. It establishes quality benchmarks for Diamond OA publishers in scholarly journal publishing, particularly focusing on models without author or reader fees.

DOAS serves as a reference point for IPs striving for quality, offering essential and desirable criteria for compliance.

This self-assessment tool enables IPs to privately evaluate their adherence to the DOAS standard, identifying strengths and weaknesses.

DIAMOND OA SUSTAINABILITY CHECK

This Financial Diamond OA Sustainability Check is an output of the DIAMAS project.

If you are an Diamond OA publisher or service provider, conducting such a self-assessment can help you gain insights into your financial health to help you plan for a more sustainable future.

Answering this tool's questions generates a radar chart that displays costs, resources, income streams, whether you are involved in shared services, which mechanisms allow you to grow financially and how you control, monitor and manage finances and plan for the future.

You can take this assessment at any time, and previous sessions are logged and accessible to you in a password-protected environment.

HOW DO YOU PERFORM YOUR SELF-ASSESSMENT?

REGISTER 1
To take the self-assessment test you must be registered on the platform. To register, press the top "ENTER" button and then click on "REGISTER NOW" to create your account.

2 LOGIN
To enter, click on the top button "ENTER" and enter your username and password, if you are not registered, click on "REGISTER NOW" and create your account.

CHOOSE MODULE 3
The platform has two modules to complete the self-assessment test, DOAS and Sustainability. You can complete one or both tests.

AUTOEVALUATE
When you select one of the modules, a quiz will appear. Answer the questions until you complete it. When you're done, click the "FINISH" button to finish the test and send it to your email.

RECEIVE THE REPORT 5
When you finish the test, you will receive a full report with the results in your email. Remember, you can take it again or complete the next test, for this, you must go back to step 1.
