What is REPOPSI?
osf.io/5zb8p

A collection of Open-Access psychological instruments (items, scales, questionnaires, tests...)

First centralized repository of psychological instruments that have been translated into Serbian and/or adapted for the Serbian population and/or developed by Serbian scientists

At the moment, provides access to **178** instruments

🇬🇧

I make a lot of mistakes because I don't think before I act.

Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree

🇷🇸

Pravim mnogo grešaka, jer ne razmislim pre no što nešto uradim.

Potpuno netačno	Uglavnom netačno	Nisam siguran	Uglavnom tačno	Potpuno tačno

What is REPOPSI?

REPOPSI osf.io/5zb8p

Why?

To avoid overlapping translation efforts & save resources

To make existing translations more easily findable & reusable

To increase the visibility of original instruments developed by local researchers

For what?

Participating in large multi-site collaborations

Teaching psychometrics (theory & methods of psychological measurement)

Opening tools to make the research process more transparent & reproducible (scientific articles, theses)

For whom?

Local & international scientists (92/178 instruments available in both Serbian & English)

Researchers, clinicians, teachers

Students
